RE: Information About Security Incident

Dear <<Full Name>>:

We are writing to let you know that Saint Andrew's School of Boca Raton Inc. ("Saint Andrew's School") experienced a security incident that may have resulted in unauthorized access to some of our personnel records. We wanted to make you aware that this could have resulted in unauthorized access to some of your personal information due to your status as a current or former employee at Saint Andrew's School. This letter provides additional information about what happened, what we are doing, and steps that you may want to consider taking.

What Happened? On December 28, 2024, we detected suspicious activity on our computer network. We immediately mobilized resources to investigate the situation, notified law enforcement, and secured our systems. We also engaged a cybersecurity firm to further assist with the investigation. The investigation determined that an unknown, unauthorized third party gained access to our computer systems between December 27, 2024, and December 29, 2024. During that time, the third party may have accessed and acquired certain files within our network, including personnel files that we maintain for HR purposes related to current and former employees, their dependents, and/or beneficiaries. The incident did not impact systems that maintain our student information. Over the past few months, we have been conducting an in-depth review of these records. We have recently completed this review.

What Information Was Involved? These files contain your name, contact information, <<Breached Elements>>. If any records contain the personal information of your dependents or beneficiaries, those individuals have been separately notified.

What We Are Doing. We have already taken steps to reduce the risk of this type of incident occurring in the future and will continue to prioritize data security. We are not aware of any instances of fraud or identity theft relating to this situation. However, out of an abundance of caution, we are offering you a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on prompt identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.**

What You Can Do. We encourage you to take advantage of the complimentary credit monitoring included in this letter. You can also find more information on publicly available resources to protect yourself against identity theft or fraud in the enclosed *Additional Important Information* sheet.

For More Information. For further information or assistance activating Experian IdentityWorksSM, please call [REDACTED] from 9:00 a.m. – 9:00 p.m. Eastern Time, Monday through Friday.

We take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience this situation might cause.

Sincerely,

[REDACTED]

Ethan W. Shapiro, Head of School

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: By law, you may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies. The three national credit reporting agencies have also agreed to provide free weekly online credit reports. You can obtain your free credit report by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>. Alternatively, you may elect to purchase a copy of your credit report by contacting the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries is as follows:

Equifax

Fraud Alerts: By law, you have the right to place a fraud alert on your credit report if you believe you have been, or are about to become, a victim of fraud or related crime. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com/protectYourIdentity.action.

Credit and Security Freezes: By law, you have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax Security Freeze
