Dear Sample A. Sample:

We are providing this letter to inform you of an event that occurred at the Hawthorn location of Lifespan Physician Group of Massachusetts, Inc. d/b/a Brown Health Medical Group-MA (the “Practice”) that may have affected your personal information. This letter provides details of the event, our response, and resources available to you to help protect your personal information, should you feel it is appropriate to do so.

Who is the Practice and Why Did it Have My Information? The Practice is a medical facility located at Faunce Corner Road, Dartmouth, MA 02747. In order to provide medical services, it receives personal information regarding its patients and prospective patients.

What Happened. We first became aware of a data security incident impacting a historic file server at the Practice on December 16, 2025. We immediately initiated an investigation and isolated the server. Through our investigation, we determined that the unauthorized access to the server occurred between December 15–16, 2025. This incident did not impact the Practice’s electronic health record system.

What Information Was Involved. Due to the nature of the incident, we have been unable to conclusively determine exactly what information was impacted. However, on June 22, 2026, we determined the scope of personal information that may have been impacted by this incident, and we are providing this notice out of an abundance of caution. The following are the categories of information that may have been impacted: demographic information (such as name, date of birth, and contact information); health insurance information; medical information; billing, claims, and payment information; and other personal information (such as Social Security numbers, driver's license numbers or other government-issued identification numbers, credit or debit card numbers, and financial account information). Not all categories of information were impacted for all individuals.

What We Are Doing. We are committed to maintaining the privacy and security of your information, and we take this incident very seriously. The Practice took, and will continue to take, appropriate steps to address this incident, including re-training its employees and implementing additional technical safeguards to prevent incidents of this nature from occurring in the future. We also notified law enforcement about the incident.

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill; and
- 6) Other personal information as required by the applicable credit reporting agency.

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.

Monitor Your Personal Information

If applicable to your situation, we recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive the regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the website of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.
