Re: Notice of Data Security Incident - Supplement

Dear Attorney General Hilgers:

Constangy, Brooks, Smith & Prophete, LLP represents Decisely in conjunction with their response to a recent information security incident discussed below. Decisely is headquartered in Alpharetta, Georgia, and provides benefits brokerage and human resources services, specializing in integrated technology solutions for small businesses. The purpose of this letter is to notify you of the incident in accordance with Nebraska's data breach notification statute.

This is a supplemental notification to Decisely's prior notices on June 13, 2025 and July 21, 2025. Decisely is providing this supplemental notice on its own behalf as well as on behalf of certain current or former partner organizations to which Decisely is a service provider.

1. Nature of the Security Incident

As previously advised, on or about May 29, 2025, Decisely learned that some personal information related to one of Decisely's partners, MetLife, may have been involved in a data security incident Decisely experienced. The incident began on December 17, 2024, when Decisely discovered suspicious activity related to its cloud storage platform. Decisely then promptly took steps to secure the environment and began an investigation to determine the nature and scope of the issue. Decisely also engaged cybersecurity experts to conduct an investigation into what happened and to assist with determining whether personal information was accessed or acquired without authorization. The investigation determined that some data may have been acquired on December 16, 2024.

Decisely then completed a comprehensive analysis of the data potentially involved to identify what personal information was impacted and to whom it belonged. Decisely identified data subjects related to data owner MetLife and worked with them so they could validate and confirm this data. That process was completed on May 29, 2025, and Decisely mailed a first wave of notices on behalf of MetLife on June 13, 2025. Decisely issued two additional waves of letters on July 15 and 18, 2025, on behalf of MetLife.

On August 18, 2025, Decisely provided notification to its remaining partner organizations and provided them with access to a list of data subjects whose information was potentially involved. Decisely worked with them to effectuate notice. On September 30, 2025, Decisely issued a fourth wave of notices to consumers with available address information. Decisely completed its final wave of notification to additional consumers on November 4, 2025 and November 5, 2025.

2. Number of Nebraska Residents Affected

A total of 5860 Nebraska residents have been notified of this incident to date. A sample copy of the notification letter sent to the impacted individuals is included with this correspondence.

3. Steps Taken Relating to the Incident

As soon as Decisely learned of the unusual network activity, it took steps to secure its systems and launched an investigation to learn more about what happened and what information could have been affected. Decisely is providing those whose Social Security number was involved with identity protection services through Kroll for 12 months. In addition, Decisely has established a toll-free call center through Kroll to answer questions about the incident and address related concerns.

Finally, Decisely notified the Federal Bureau of Investigation, and Decisely will cooperate in any efforts to hold the perpetrators accountable.

Steps You Can Take to Help Protect Your Personal Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the “FTC”).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting www.annualcreditreport.com/, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285
www.equifax.com

Experian

P.O. Box 9532
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion

P.O. Box 2000
Chester, PA 19016
1-833-799-5355
www.transunion.com/get-credit-report

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at www.annualcreditreport.com.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
