Dear <<First_Name>> <<Last_Name>>:

We are writing to inform you of a cyber security incident experienced by our third-party vendor that may have involved your information described below. Our third-party vendor was in possession of your information in the normal course of business and due to a business relationship with Brett/Robinson. While we have no evidence of attempted or actual misuse of any information as a result of this incident, we are providing you with information about the incident, our response, and steps you can take to help protect your information, should you feel it appropriate to do so.

What Happened: On December 13, 2024, we were notified by our third-party vendor that they experienced a cyber security incident. Upon discovery, we immediately began working with third-party computer specialists to investigate the incident and ensure that our systems and network were secure. Based on our investigation, it was determined that there was no evidence of compromise anywhere within the Brett/Robinson environment. Importantly, this was solely limited to a third-party incident. Following our third-party vendor's investigation into the full scope and nature of the incident, they informed us that information belonging to our customers may have been potentially subject to unauthorized access as part of the incident. As a result, and following the completion of our investigation, we began compiling address information for those who may have been potentially impacted in order to provide notification of this incident. This process was completed on March 7, 2025. We are now notifying those individuals whose information was potentially impacted as a result of this third-party event.

What Information Was Involved: The information believed to be potentially at risk includes your first and last name, in combination with your payment card information.

What We Are Doing: Upon discovery, we immediately began an internal investigation and engaged third-party forensic specialists to investigate this matter and ensure our systems were not impacted. Out of an abundance of caution, we have arranged for you to activate, at no cost to you, an online credit monitoring service for twelve (12) months provided by IDX. Due to privacy laws, we cannot activate these services for you directly. Additional information regarding how to activate the complimentary credit monitoring service is enclosed. We have also provided additional information about steps you can take to help protect yourself against fraud and identity theft.

What You Can Do: We recommend that you remain vigilant in regularly reviewing and monitoring all of your account statements and credit history to guard against any unauthorized transactions or activity. If you discover any suspicious or unusual activity on your accounts, please promptly contact your financial institution or company. Additionally, you can enroll to receive the complimentary credit monitoring service we are making available to you. You can also review the enclosed "Steps You Can Take to Help Protect Your Information" for additional resources.

For More Information: Should you have additional questions or concerns regarding this matter, please do not hesitate to contact us at 1-800-939-4170 during the hours of 9 am – 9 pm Eastern Time. You may also write to us at P.O. Box 4009, Gulf Shores, AL 36547.

We take the privacy and security of the information entrusted to us very seriously, and sincerely regret any worry or inconvenience this incident may have caused.

Sincerely,

ADDITIONAL ACTIONS TO HELP PROTECT YOUR INFORMATION

Monitor Your Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports/account statements for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver’s license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
