VIA PORTAL

The Office of the Attorney General
2115 State Capitol
Lincoln, NE 68509

Dear Attorney General Hilgers:

We represent ASC Machine Tools, Inc. (“ASC”) with respect to a data security incident involving unauthorized access to personal information as described below. ASC takes the security of the information in its control seriously and is committed to answering any questions you may have regarding this event.

1. Nature of security incident

On or around May 2, 2025, ASC identified suspicious activity within its network. ASC immediately disconnected its systems, began an investigation, and engaged independent computer forensic experts to assist. On May 29, 2025, the investigation found that documents containing a limited amount of personal information of some current and former employees may have been copied from ASC’s network during the incident.

Potentially impacted information may include names, addresses, and Social Security numbers.

2. Number of Nebraska residents affected

One (1) resident of Nebraska was notified of the incident. A notification letter was sent to the potentially affected individual on July 18, 2025. A copy of the template notification letter is attached as Exhibit A.

3. Steps taken in response to the incident

Since the incident, ASC changed passwords to user accounts, restored its systems, and implemented additional restrictions on its systems, among other measures. Additionally, affected individuals were offered 12 months of credit monitoring and identity protection services through TransUnion.

4. Contact information

ASC takes the security of the information in its control seriously and is committed to ensuring this information is appropriately protected. If you have any questions or need additional information, please do not hesitate to contact me at rhalm@clarkhill.com or (312) 985-5564.

Sincerely,

CLARK HILL

NOTICE OF DATA SECURITY INCIDENT

Dear [REDACTED],

ASC Machine Tools Inc. (“ASC”) recently experienced a data security incident that may have impacted some of your personal information. We take the privacy and security of your information seriously and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information, and resources we are making available to help you.

What Happened?

On or around May 2, 2025, we identified suspicious activity within our network. We immediately disconnected our systems, began an investigation, and engaged independent computer forensic experts to assist. On May 29, 2025, the investigation found that documents containing a limited amount of personal information may have been copied from our network during the incident. We have no evidence that any information has been misused, but we wanted to let you know about this under an abundance of caution.

What Information Was Involved?

From our review, it appears that your name, address, and Social Security number may have been affected.

What We Are Doing:

We want to assure you that we are taking steps to minimize the risk of this happening in the future. Since the incident, we have changed passwords to user accounts, restored our systems, and implemented additional restrictions on our systems, among other measures. In addition, although there has been no evidence your information was misused, we are offering access to **Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score** services at no charge. These services provide you with alerts for 12 months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in the event that you become a victim of fraud. These services will be provided by Cyberscout, a TransUnion company specializing in fraud assistance and remediation services.

What You Can Do:

This letter also provides other precautionary measures you can take to protect your information. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis. Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering.

For More Information:

If you have questions, please call [REDACTED] between 8 am – 8 pm Eastern Standard Time (excluding holidays). Protecting your information is important to us, and we sincerely apologize for any concern this incident may cause you.

Sincerely,

ASC Machine Tools Inc.

Recommended Steps To Help Protect Your Information

1. Website and Enrollment. To enroll in Credit Monitoring services at no charge, please log on to <https://bfs.cyberscout.com/activate> and follow the instructions provided. When prompted please provide the following unique code to receive services: [REDACTED]. In order for you to receive the monitoring services described above, you must enroll within 90 days from the date of this letter. The enrollment requires an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well.

You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
