Dear [REDACTED]:

Johnson County Park and Recreation District (“JCPRD”) writes to notify you of an incident that may affect the privacy of certain information provided to us. This letter includes information about the incident, our response, and resources we are making available to you.

What Happened? JCPRD’s Theatre in the Park online public box office and ticket sales checkout system is administered and hosted by a third-party provider, Skyway Networks (“Skyway”). On September 30, 2025, Skyway alerted JCPRD to unusual activity on our sales checkout page. JCPRD immediately began an investigation with the assistance of Skyway to determine the nature and scope of the activity. The investigation determined that unauthorized code was present on the JCPRD Theatre in the Park online sales checkout page from March 13, 2025, through September 30, 2025. The investigation further determined that the unauthorized code was potentially capable of capturing certain transaction information provided by individuals who checked out using a credit card during this time.

What Information Was Involved? The transaction information potentially impacted included your name in combination with the credit card number, expiration date, and CVV code you provided to make a purchase on the JCPRD Theatre in the Park box office website between March 13, 2025, and September 30, 2025.

What We Are Doing. In response to this incident, Skyway reset passwords associated with accounts for the JCPRD Theatre in the Park box office website and implemented additional security features to limit the potential for a similar incident occurring in the future. JCPRD also conducted a thorough analysis of transaction data to determine which individuals, if any, may have been affected by this incident. Please note that JCPRD has no reason to believe that any of the above-described information was actually accessed or acquired by an unauthorized party, but is notifying you of this incident in an abundance of caution. Additionally, JCPRD is offering you access to complimentary credit monitoring and identity protection services.

What You Can Do. We encourage you to monitor your credit card statements for suspicious activity and to report any unauthorized transactions to your financial institution immediately. Additionally, we encourage you to enroll in the complimentary credit monitoring and identity protection services we are making available to you. Information about how to enroll in these services along with additional resources available to you are included in the attached *Steps You Can Take to Help Protect Your Information*.

For More Information. We understand you may have questions about this incident. Please call our assistance line at [REDACTED], between 8:00 a.m. to 8:00 p.m. Eastern, Monday through Friday, excluding holidays, or write to us at 7900 Renner Road, Shawnee Mission, KS 66219-9723.

The privacy and security of information is of the utmost importance to us, and we sincerely regret any concern this incident may cause you.

Sincerely,

Johnson County Park and Recreation District

Monitor Your Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports and account statements for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver's license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
